## Presentation

### La Muerte de Don Cristobal (Don Cristobal's Death)

#### Glove puppets and live music

Miserly, ugly, nasty and without scruples, Don Cristobal lives only to increase his big fortune. But his handmaid, poor woman, jealous person and much nastier than him, is going to try by one thousand one machinations to murder him to steal him his money ...

Old Spanish, dirty, big-mouthed, ill-spoken and disrespectful buffoon of the authority and the proprieties, made Don Cristobal exult his public. He is nasty, treacherous, irresponsible any things that we do not allow ourselves but that he dares cheerfully on our place !
